

Evidence & Property

The Evidence and Property Storage Section has the responsibility of receiving, storing, releasing and maintaining security for the vast majority of all criminal evidence, stolen and found property, which is recovered in the City of Lewisburg.

The effective investigation and prosecution of a criminal offender relies heavily on the careful, methodical and proper use of evidence.

It is the responsibility of the Evidence and Property Clerk to maintain not only the integrity of each item of evidence but the integrity of its Chain of Custody as well.

The careful safeguards in place ensure all property coming into their possession is processed in accordance with state laws, city ordinances and departmental policies and procedures, and helps ensure the items value later in court.

Vehicle Impound

The Vehicle Impound Section is part of the Evidence and Property Section. Vehicle Impound is responsible for providing and maintaining a storage facility for vehicles confiscated and/or impounded within the scope of police authority until they are disposed of according to law.

When making an inquiry, please have either the license plate number, vehicle identification number, Vehicle Towing Report Number and/or incident/complaint number available to expedite obtaining information on an impounded vehicle.
